LYCON WAX

We proudly use & recommend Lycon

Exclusive to the worlds leading beauty salons, Lycon was established in 1978 and enjoys a well deserved international reputation as the crème de la crème of hair removal waxes. It is the wax choice of the top spa & salons in over 40 countries.

With Lycon nurturing and conditioning waxes, not only will all hair be removed, but hair growth becomes finer, softer, and lasts up to 8 weeks or longer. With regular waxing, the time in between waxing lengthens, hairless areas develop and the rate of re-growth is noticeably reduced. With Lycon we offer you the very highest quality in professional waxing with: hot wax, strip wax and the unique LYCOjet wax.

LYCON WAX QUALITY YOU CAN DEPEND ON

The famous range of LYCON quality waxes, allows us as professionals to tailor the best waxing combination for your total comfort and satisfaction. LYCON low temperature and gentle formula waxes provide a pain free experience for most, and better yet, removes stubborn hair as short as 1mm!
